FURTHERING GENDER EQUALITY THROUGH THE EU ACCESSION PROCESS

Gender equality is a fundamental value of the European Union (EU), and, as such, must be streamlined in the EU Accession Process of the Western Balkans (WB). Ensuring that a gender perspective is integrated in all programs, as well as Instrument for Pre-Accession (IPA), involves joint efforts of institutions, governments, National IPA coordinators (NIPACs), line ministries, EU officials, as well as women’s rights civil society organisations’ (WCSOs). WCSOs’ expertise and knowledge is key in supporting WB governments in mainstreaming gender in their programs and ensuring attention to gender equality during the EU Accession process.

This Action aims to further gender equality in the WB through the EU Accession Process.

Total budget: 1.655.379,54 EUR
